DICOTA World Adapter Pro+ USB

The Swiss Genuis

iPad, razor, laptop etc. often fade away in foreign countries - unless the DICOTA World Travel Adapter Pro+ USB provides the necessary power!

Using the World Adapter Pro+USB you can use both 2- and 3-pole devices right up to the maximum available power (up to 2500W), and at the same time you can charge two USB devices simultaneously at full speed. Therefore nothing prevents your laptop and iPad to be powered in New York, Sydney, Rome or London.
